

Register of Interests

The Mid-Trent Multi Academy Trust must ensure that trustees (directors), governors and staff are not involved in activities that might conflict with their role within the school. It is especially important to demonstrate that individuals do not benefit personally from the decisions made by directors or governors unless such decisions are made openly and legitimately. As such the register of interests must be available on the school website.

This should be updated fully each year and reviewed during the year. It is incumbent upon all directors and governors to make the school or MAT aware of any changes during the year.
