Dear Parents and Carers,

RE: Update on In-School Covid 19 Prevention Measures

Thank you all for your support and your understanding as we increased our Covid-19 prevention measures in school earlier this month. Your support in taking children for PCR tests when requested to do so; isolating children when siblings/parents have tested positive and working with us to protect our in-school bubbles has meant that there have been no further cases of Covid-19 in school over the past 3 weeks. This is in no way a small feat given the local infection rates for Covid-19 within our community.

Having reviewed the measures in place as a Multi-academy trust yesterday and with the advice from Staffordshire County Council continuing to advocate increased measures, we are writing to inform you that our current risk assessment and Covid-19 procedures will remain in place at St. Peter's after the half-term break. Like you, we all want to return to normality as soon as possible, but hope you understand that by keeping case rates in school down we are ensuring the continuity of education for all our pupils at this time.

Another review of these measures is planned for 12th November 2021, knowing that we are likely to see a spike in cases as children return from their half-term break and we will continue with fortnightly reviews throughout the autumn term to ensure that we are responding flexibly to the changing situation.

Once again we thank you for your support and your understanding and, as always, if you have any questions about these measures and what they mean for your child, please do not hesitate to get in touch.

Kindest Regards,

Mrs C Pilkington
Headteacher
