

Register of Business Pecuniary Interest – November 2021

The school's local academy committee must ensure that members and staff are not involved in activities that might conflict with their role within the school. It is especially important to demonstrate that individuals do not benefit personally from the decisions made by the committee, unless such decisions are made openly and legitimately. As such this register of interests is available on the school website, updated annually and if required throughout the school year when changes are necessary.
